

The Liminal Lens: Perspectives, Portals, and Possibilities

KATHERINE GREENWOOD

ARTIST STATEMENT

My photographs emerge in quiet moments of observation. I seek to capture images that evoke the timeless possibilities that may be found on the other side of portals and thresholds. Through my work, I invite viewers to pause, connect, and reflect on the motif of what opportunities may lie beyond our limits of perception.

Portal to Possibility

Behind Closed Doors—Threshold of Change

A Sliver of Light
